

Name of Person
Researched:

QUILTS

Square Design Sheet

You will have a 12 inch square to represent the person you researched. Use the space below to sketch a design for what you think the square should look like. The name of your person will be shown underneath the square - you shouldn't include it in your design. Your design can be a picture showing what you found in your research, a symbol representing the person - include what you want - the square is yours to create!

As you make your design, think about...

What is this person famous for?
What effect has this person had on Rochester?

A large square design sheet with a dashed border, intended for sketching a 12-inch square design. The sheet is white with a light gray grid pattern. The dashed border is composed of small, evenly spaced dashes, forming a square frame that occupies most of the page area below the text.
